Status of grievance redressal through various platform	We keep on receiving grievances through iGram medium and through other social media platform. We have almost sorted out most of the grievances. Some issues related to SLM are still there because of low speed internet. That is why our students are not able to download the SLM from egyankosh. However we are persuading them to download by any means in order to cope up with the preparation of ensuing TEE.
GV/ GD facilitated and benefited	It is reiterated that without the high-speed internet our learners are not able to take the full advantage of these channels. However, we keep them telling through various mediums about the availability of these channels on the Dish platforms. We have also requested our Coordinators and PICs to organise some online lectures for our learners through ZOOM platform from their homes if possible. Some counsellors are clearing the doubts through telephonic calls.
Web enabled session arranged and benefited	Our counsellors are delivering lectures/counselling to our learners through telephonic medium. Since we have only 2G net facility available in J&K, we still try our best to use Zoom platform for providing counselling

My staff members are receiving constantly more than 1000 calls a day. We have also shared the phone numbers of all our coordinators with our learners. Our coordinators are facilitating them in contacting with the academic counsellors in clearing their doubts.
