**Dated: 23/05/2020**

*“This offer of admission is provisional and is based on the documents in respect of qualification and other eligible criteria submitted by you a long with the application form. If at a later stage, it is found that the document(s) submitted by you is/are false, your admission shall stand cancelled forthwith and no fee refund will be admissible in the event of such cancellation of admission.”*

### **Points to be noted for Verification Process:**

### **Verification of Documents and other related issues by the Nursing Experts:**

1. 10<sup>th</sup> Class/Matriculation or equivalent and 10+2 Certificates for date of birth and qualifications.
2. GNM Diploma and Marks sheets in original.
3. RNRM Certificate about its validity and renewal, wherever applicable. To ensure that experience is counted only from the date of registration as RNRM upto the last date of receipt of application form by the university. However, if RM certificate is obtained after RN Certificate, experience will be counted from the date of registration as RM.
4. While verifying the experience document, it may be ensured that the experience before the date of registration as RNRM is not counted as a valid experience for the purpose of calculating the total no. of years of experience. Similarly the candidates having less than two years or five years of experience, as the case may be shall not be considered eligible for admission.
5. To verify the NOC with the stamp and signature of the Head of the Institution as submitted by the candidate to ensure that the candidate is an In-service candidate and is presently working.
6. To verify the authenticity of the course completed by the male Nurses in lieu of mid-wifery before the submission of the application form with the certificates produced in terms of its duration (6 to 9 months) and the recognition/approval of the Indian Nursing Council.
7. In case of male nurses, the experience is counted after RN.
8. To resolve the Tie cases as per the procedure given above at Para-4 and in the Student Handbook and Prospectus.
9. The Nursing Team may come across two types of cases in respect of the experience claimed by the candidates, which may be sorted out as given below:

#### **(a). Actual experience is less but shown more in Application Form:**

If the actual experience is less than the experience shown in the application form, then the candidate be put at the bottom of the merit in that category of marks, since it will affect the rank of the candidate in case of tie.

#### **(b). Actual experience is more but shown less in Application Form:**

If the actual experience is more than the experience shown in the application form, such experience would not be considered and merit would not change, since it will also affect the rank of the candidate in case of tie.

This way, the total experience of the candidate should tally with the experience mentioned in the original admission form by the candidate. Any discrepancy in the experience should therefore be mentioned and highlighted in the counselling form because, it will affect the merit/rank of the candidate in case of tie.

10. While verifying the experience of the candidate, kindly check the validity and reliability of the hospital, especially in case of private hospitals with their registration numbers etc.
